MIDSCALE

MY RELAXED HUB IN THE CITY

CENTRAL LOCATIONS
WITHIN MAJOR CITIES

Modern city hotels guarantee comfort in the mid-range segment right in the heart of the most beautiful cities in Europe and other international destinations. The brand IntercityHotel places a strong focus on a customer journey and welcoming interior design to make guests feel comfortable – while enjoying the dynamics of the city.

RELAX &
CONNECT

Brand Pillars

- › Central location with easy accessibility
- › Modern and welcoming interior design
- › Sustainable consciousness
- › Evolving connectivity – digital functionalities and a place to meet

While IntercityHotels are synonymous with flexible mobility, they also hold themselves to high standards in design, comfort, and service. Their central locations provide rapid access to well-known sights, business centres, railway stations, and airports. But the hotels are more than just a convenient place to stay during business trips. They invite their guests to relax and connect with the destination and people.

BRAND BAROMETER

AT HOME IN THE CITY

IntercityHotel has won the gold medal in the German "Service Champion" ranking three times.

Since the foundation of IntercityHotel, our guests benefit from a "FreeCityTicket" scheme, which encourages them to use local public transport. In addition, we're starting to implement our Green Meeting Concept. It ensures that the ecological footprint of a hotel is reduced to a minimum. The CO2 impact of conferences and meetings held at our hotels will be fully offset.

Thanks to the IntercityHotel-App, we can provide many services digitally: for example, a virtual concierge offers information about the restaurant, about sporting activities and about the local public transport.
